<b>DEDICATION/ACKNOWLEDGEMENTS</b> . . . . .	3
<b>PART I NAVIGATION TABLES</b>	
<b>Table 1 Distance Tables</b> . . . . .	10
Instructions . . . . .	11
<b>1-1 INSIDE PASSAGE PLANNING TABLE, TACOMA TO PORT HARDY</b> . . . . .	14
1-2 Anacortes to Tacoma—including Hood Canal . . . . .	16
1-3 Juan de Fuca Strait and Haro Strait . . . . .	18
1-4 San Juan Islands . . . . .	20
1-5 Gulf Islands . . . . .	22
1-6 Fraser River, Burrard Inlet, and Howe Sound. . . . .	24
1-7 Sunshine Coast, Malaspina Strait, and Jervis Inlet . . . . .	26
1-8 Nanaimo to Cape Mudge and Islands in the Northern Portion of Georgia Strait . . . . .	28
1-9 Georgia Strait . . . . .	30
1-10 Desolation Sound, Malaspina Inlet, and Toba Inlet . . . . .	32
1-11 Cape Mudge to Stuart Island . . . . .	34
1-12 Bute Inlet to Port Neville . . . . .	36
1-13 Knight Inlet and Tribune Channel. . . . .	38
1-14 Johnstone Strait and Discovery Passage. . . . .	40
1-15 Channels East of Queen Charlotte Strait . . . . .	42
1-16 Queen Charlotte Strait . . . . .	44
<b>1-17 INSIDE PASSAGE PLANNING TABLE, PORT HARDY TO KETCHIKAN</b> . . . . .	46
1-18 Smith Sound, Smith Inlet, and Rivers Inlet. . . . .	48
1-19 Safety Cove to Bella Bella . . . . .	50
1-20 Bella Bella to Butedale . . . . .	52
1-21 Caamano Sound, Wright Sound, and Douglas Channel. . . . .	54
1-22 Queen Charlotte Sound and Hecate Strait . . . . .	56
1-23 Caamano Sound to Chatham Sound. . . . .	58
1-24 Chatham Sound to Stewart . . . . .	60
1-25 Dixon Entrance . . . . .	62
<b>Table 2 Managing Tidal Rapids</b>	
2-1 General Principles for Managing Tidal Rapids . . . . .	64
2-2 Johnstone Strait and Adjacent Tidal Rapids . . . . .	67
2-3 Table of Specific Strategies for Managing Tidal Rapids on the Inside Passage . . . . .	73
<b>Table 3 Time, Speed and Distance</b>	
3-1 To Determine Time When Speed and Distance Are Known . . . . .	80
3-2 Time, Speed, and Distance Nomogram . . . . .	80
3-3 To Determine Speed When Time and Distance Are Known . . . . .	81
<b>Table 4 Tidal Change over Time</b> . . . . .	82
<b>Table 5 Estimating Distance</b> . . . . .	84

<b>Table 6</b>	<b>Angular Measure</b>	
6-1	Rule of Thumb for Estimating Horizontal Angles . . . . .	85
6-2	To Determine the Angular Separation when the Range is Known . . . . .	86
6-3	To Determine the Range when the Angular Separation is Known . . . . .	87
<b>Table 7</b>	<b>Estimating Distance of Ships</b>	
7-1	Distance of Ships as Determined by their Angular Length. . . . .	88
7-2	Distance of Ships as Determined by their Angular Width . . . . .	89
<b>Table 8</b>	<b>Relative Size of Ships at Various Chart Scales</b> . . . . .	90
<b>Table 9</b>	<b>The Visible and Radar Horizons at Sea</b> . . . . .	91
9-1	Maximum Detectable Range to a Radar Target in Nautical Miles . . . . .	91
9-2	Distance of Visible Horizon by Height of Eye. . . . .	92
9-3	Distance of Radar Horizon by Height of Scanner. . . . .	93
9-4	Maneuvering Board. . . . .	94
<b>PART II UNIT CONVERSIONS</b>		
<b>Table 10</b>	<b>Knots/Miles per Hour/Kilometers per Hour</b> <b>Nautical Miles/Statute Miles/Kilometers.</b> . . . .	96
<b>Table 11</b>	<b>Nautical Miles/Meters</b> . . . . .	97
<b>Table 12</b>	<b>Meters/Fathoms/Feet</b> . . . . .	98
<b>Table 13</b>	<b>Decimal Minutes/Seconds</b> . . . . .	99
<b>Table 14</b>	<b>Degrees Celsius/Degrees Fahrenheit</b> . . . . .	100
<b>Table 15</b>	<b>Litres/Imperial Gallons/US Gallons</b> . . . . .	101
<b>Table 16</b>	<b>Millibars/Kilopascals/Inches of Mercury/Millimeters of Mercury</b> . . . . .	102
<b>Table 17</b>	<b>Useful Conversion Factors.</b> . . . .	103
<b>PART III WEATHER AND ENVIRONMENTAL TABLES</b>		
<b>Table 18</b>	<b>The Beaufort Wind Scale</b> . . . . .	106
<b>Table 19</b>	<b>Weather Fronts and Frontal Passage</b>	
19-1	About Mid-Latitude (Temperate) Depressions . . . . .	107
19-2	Cross Section through a Typical Temperate Depression . . . . .	108
<b>Table 20</b>	<b>Wind and Wave Tables</b> . . . . .	109
<b>Table 21</b>	<b>Cold Water and Wind Chill Effects</b>	
21-1	Hypothermia Field Treatment guide . . . . .	110
21-2	Survival Time in Cold Water Due to Hypothermia . . . . .	111
21-3	Cold Water Immersion . . . . .	112
21-4	Wind Chill Tables . . . . .	113
<b>Table 22</b>	<b>Weather Broadcasts and Forecast Areas</b>	
22-1	Environment Canada Mariner's Guide . . . . .	114
22-2	Alaska and Washington VHF Weather Forecasts . . . . .	116

**PART IV ANCHORS, ROPE, WIRE ROPE, AND CHAIN**

**Table 23 Safe Working Loads**  
 23-1 Maximum Safe Working Loads of Rope, Wire Rope, and Chain . . . . . 120  
 23-2 Rule of Thumb for Estimating Safe Working Load of Fiber Ropes. . . . . 121  
 23-3 Loss of Strength for Various Angles of Pull. . . . . 121

**Table 24 Rope, Wire Rope, and Chain**  
 24-1 Weight of Rope, Wire Rope, and Chain . . . . . 122  
 24-2 Length of Rope on a Reel . . . . . 122

**Table 25 Anchor Tables**  
 25-1 Wind Pressure Table . . . . . 123  
 25-2 Wind Speed vs. Anchor Loads. . . . . 123

**Table 26 Holding Power Values for Sizing Anchor Hardware** . . . . . 124

**Table 27 Length of Anchor Rode/Swinging Radius for Various Depths** . . . . . 125

**PART V COMMUNICATIONS AND COLLISION AVOIDANCE**

**Table 28 VHF Channel Assignments in Canada and the United States** . . . . . 128

**Table 29 Vessel Traffic Services** . . . . . 129  
 29-1 Vancouver VTS Zone Sector 1 and Seattle Traffic . . . . . 130  
 29-2 Vancouver VTS Zone Sector 4 and Tofino VTS Zone. . . . . 131  
 29-3 Vancouver VTS Zone Sectors 2 and 3 . . . . . 132  
 29-4 Prince Rupert VTS Zone Sectors 1 and 2 . . . . . 132

**Table 30 Whistle Signals** . . . . . 134

**PART VI MISCELLANEOUS TABLES**

**Table 31 Galvanic Corrosion and the Galvanic Series** . . . . . 136

**Table 32 Electrical Tables**  
 32-1 Lead-Acid Batteries . . . . . 137  
 32-2 Wiring Colour Codes for Low-Voltage DC Systems . . . . . 137  
 32-3 Conductor Sizes for Low-Voltage Circuits . . . . . 138

**Table 33 Estimating the Weight of Fish**  
 33-1 To Estimate Weight of Pacific Halibut by Length. . . . . 139  
 33-2 To Estimate the Weight of Pacific Salmon by Length and Girth . . . . . 140

**Bibliography** . . . . . 141

**Time, Speed, Distance Nomogram/Estimating Distance Without Tables** . . . . . inside back cover
